

# Wake Up

Zornik

Wake up  
What have I done  
And I don't know how it all began  
It's still here  
The sound of fear  
But then I realise  
That you're still here

And wake up  
So close to me  
And we're not falling  
we'll rise again  
And the sun breaks  
It all seems real  
I turn around  
and then you appear

And goodnight  
Go back to sleep  
And goodbye sunshine  
Tomorrow we'll meet  
Again for, another day  
I'm hoping that you still care to say

And goodnight  
Go back to sleep  
And goodbye sunshine  
Tomorrow we'll meet  
Again for, another day  
And hoping that you'll stay  
For-ever  
For-ever

And goodnight  
Go back to sleep  
And goodbye sunshine  
Tomorrow we'll meet  
Again for, another day  
I'm hoping that you still care to say  
And goodnight  
Go back to sleep  
And goodbye sunshine  
Tomorrow we'll meet  
Again for, another day  
I'm hoping that you'll  
stay...
