If you got a job  
Then you can be an agent  
You can work for revolution  
In your place of employment

If you got a job, then you can be an agent  
You can work for revolution in your place of employment  
Blind in a factory throw a spanner in the works  
Internal sabotage, hits em where it hurts

If you got a job  
Where they treat you like a slave  
Where they treat you like a zombie  
In their corporate grave

If you work in a office making tea for the bosses  
They are getting richer on ten times your pay  
They may think you're stupid but you're working undercover  
You've got the potential to disobey

If you've got a job

Cause there's nothing else to do  
Where they think they've got you trapped in  
The boxes that they choose  
If you've got a job then you can be an agent  
If you work in a kitchen you can redistribute food  
If you are a policeman ordered to arrest me  
You don't have to do it, you can refuse!

If you got a job then you can be an agent  
You can work for revolution in your place of employment  
Deployed in a factory throw a spanner in the works  
Internal sabotage, hit them where it hurts
