Hyperactive Child

Every day's the same
drugs has destroyed my brain
while I taking more and more (more and more)
and I see clearly now
I'm just a part of the show
life is just a fucking whore
and when I go to bed
I really can't retred
they ??????????????
'cause when I'm try to scream
to run against the stream
I just fall down to my knees

They want to make me normal
They'd like to see me normal
But I'm not the one to blame

They want to make me normal
They'd like to see me normal
But I'm not the one to blame
