This Is Our Answer

ZSK

Someday, Someone
Will ask you what have you done?
Everything we love got enslaved
By the Power of the new world order
How long (can you) pretend
You don't know what happened
It is not enough ti simply disagree

Don't want no predetermined destiny
It is up to us and I am sure we don't stand alone
Raise your fist, raise your voice
Cause united we got the choice
Smash the borders that we hate

Change the status we despise

We are the people
We got the power if we dare
Break down the walls
In our heads and in our hearts
It all depends on you and me
Never tire of criticizing the majority

This is a wake up call
For everyone listening to this song
This is a wake up call
Don't be afraid of what will come
This is a wake up call
