

Devil In My Mirror

Zucchero

So glad you made it
To my party
So glad you made it
To my party for you
You're gonna love it
At my party
This is the kind of thing that I like to do

Pretty people and princes in the pool
Champagne's flowing
On a dance floor made of jewels
One, two, three

In my mirror
See a devil
A beat-up angel descended from a monkey
Such a handsome devil
They call him Zucchero
Some kinda demon
Some kinda hero
In my mirror
Do you see
Hey
Yes I do
Like a fool
I see you

So glad you made it
To my party
It's time to shake it
Start breaking some rules
We're misbehaving
At my party
This is the kind of thing that I like to do

Stars arrive and join the princes in the pool
They've started writhing
On the dance floor made of jewels
Dove c'è pelo c'è amor

In my mirror
See a devil
A sexy devil, it's no wonder people want him
Such a husky vocal
They call him Zucchero
You gotta rate him
Above all those zeroes

In my mirror
See a devil
A beat-up angel descended from a monkey
Such a handsome devil
They call him Zucchero
Some kind of demon
Some kind of hero
In my mirror
Do you see

Hey
Yes I do
Like a fool
I see you

Alright alright
We'll keep on going
All night, all night
The wine is flowing
All night, alright
And we'll be singing all night tonight

Alright alright
So keep together
All night, alright
And sleep together
All night, sleep tight
Oh hell, whatever, alright tonight
