

Another Brick in the Wall

Zug Izland

We don't need no education
We don't need no thoughts control
No dark sarcasms in the classroom
Teacher, leave them kids alone

Hey, People, Leave Juggalos alone
Yeah Yeah

All in all were just another brick in the wall
The wall YEAH
All in all were just another brick in the wall
The wall, The wall, yeah

We don't need no education
Juggalos across the nation
All together standing tall
Shangri-la awaits us all
Yeah awaits us all

Hey, People, Leave Juggalos alone
Yeah, Yeah

All in all were just another brick in the wall
The wall, yeah
All in all were just another brick in the wall
The wall, The wall, yeah

Yeah
If I was a wall I would get knocked down

We don't need no education
Juggalos across the nation
All together standing tall
Shangri-la awaits us all
(You will never die alone)

Hey, People, Leave Juggalos alone

All in all were just another brick in the wall
All in all were just another brick in the wall...
