

# Heavy Rain

Zulu Winter

(Intro)

Oh, mother let me be heavy rain

(Verse)

I wanna have everything

I wanna throw flow and flake

And you could be my subject

Can I be the one at your back?

Can I be the one that spins you?

Or am I on the wrong track to see you lifted high

(Chorus)

Cause all I want is to be the heavy rain

Oh, mother let me be heavy rain

You must have been the heavy rain

Oh, mother let me be heavy rain

You must have been the heavy rain

Oh, mother let me be heavy rain

You must have been the heavy rain

Oh, mother let me be heavy rain

(Verse)

Come with me, I'll slow it all

We can watch wings beat and float

I'll stretch the time together

Is it me that pushes you on?

A bigger ? to be with you?

Or am I not all strong for bringing all this aim(?)

(Chorus)

Cause all I want is to be the heavy rain

Oh, mother let me be heavy rain

You must have been the heavy rain

Oh, mother let me be heavy rain

You must have been the heavy rain

Oh, mother let me be heavy rain

You must have been the heavy rain

Oh, mother let me be heavy rain
