

Never Leave

Zulu Winter

Keeping our heads so cool
We did ,and , loose
We could go, our ringing hands were waving slow
This is what makes us good, we take,turn the trick,
Touch the skin, the , moves

But I will never leave you too
I will never leave you

Ho we're come to love these thick roots
,down and make it stop
Still we laugh as they begin to rise

,my fancy, we have grown
Our heavy arms is dropped ,

But I will never leave you too
I will never leave you

I don't got it, we need this, whoa
It's only, he open the ,
And all I , need you
Are all
I don't got it, we need this, whoa
It's only, he open the ,
And all I , need you
Are all

But I will never leave you too
I will never leave you.
