

Dead or Alive

ZZ Ward

I could've caved
I could've quit and walked away
I could've gave up but I won't, you got me tied up
I shouldn't stay
I shouldn't fight another day
I shouldn't play your dirty games, but I like them
Your fingerprints all on my skin
And ever since I let you in
You're like a sin that I can't hide from

Ohhhhhhhh, it's messed up beautiful
But I can't let you go

Oh my darlin'
I can hear the danger callin'
And tonight I don't know if we'll survive
Oh my darlin'
Heard the warnings but I'm all in
Yeah forever lay me down by your side
Dead or alive
(Dead or alive, dead or alive)
Yeah forever lay me down by your side
(Dead or alive, dead or alive)
Yeah forever lay me down by your side

Here in the dark, you give me words
I drop my guard and that's the part
That's getting harder to remember
When we're alone
I let my hands go where they want
And let you take me all the way, when we're together
I know it's bad
But you're the best I ever had
When you come crashing into me, yeah I surrender

Ohhhhhhhh, it's messed up beautiful
But I can't let you go

Oh my darlin'
I can hear the danger callin'
And tonight I don't know if we'll survive
Oh my darlin'
Heard the warnings but I'm all in
Yeah forever lay me down by your side
Dead or alive
(Dead or alive, dead or alive)
Yeah forever lay me down by your side
(Dead or alive, dead or alive)
Yeah forever lay me down by your side
Dead or alive

Ohh ohh ohh ohh...

Ride until the, sun goes out
I can't ever, leave ya now
Stuck together, tied and bound
Swear you're gunna, bring me down

I could've caved
I could've quit and walked away
I could've gave up but I won't

Oh my darlin'
I can hear the danger callin'
And tonight I don't know if we'll survive
Oh my darlin'
Heard the warnings but I'm all in
Yeah forever lay me down by your side
Dead or alive
(Dead or alive, dead or alive)
Yeah forever lay me down by your side
(Dead or alive, dead or alive)
Yeah forever lay me down by your side
Dead or alive
