

Ghost

ZZ Ward

(Woo-ooh, woo woo-ooh...)

Hear the Devil call out my name
Broken promises, burning flames
Frozen hearts in a lover's grave
God knows, darlin', god knows I gave

Don't tell me she didn't mean nothing
Can't take back that bad you did to me
Say goodbye, goodbye to everything
We're ghosts, do-doo-doo..
We're ghosts, and I'm dancing on her grave

(Woo-ooh, woo woo-ooh...)

I'm dancing on her grave

Scared forever, you were my life
Boy, your ring up on my left five
I got truth that cuts like a knife
Fool me once, you won't fool me twice

Don't tell me she didn't mean nothing
Can't take back that bad you did to me
Say goodbye, goodbye to everything
We're ghosts, do-doo-doo...
We're ghosts, and I'm dancing on her grave

(Woo-ooh, woo woo-ooh...)

I'm dancing on her grave

(Woo-ooh, woo woo-ooh...)

We're ghosts, and I'm dancin'

Thirty days and nights stayed
I'd be starin' at your phone
Lyin' to myself like it's okay you let me down
Used to be like us against the world, but baby, now
You and I, we're just six underground
Got me singin'

Don't tell me she didn't mean nothing
Can't take back that bad you did to me
Say goodbye, goodbye to everything
We're ghosts, do-doo-doo...
We're ghosts, and I'm dancing on her grave

(Woo-ooh, woo woo-ooh...)

I'm dancing on her grave

(Woo-ooh, woo woo-ooh...)

Dancin' on her grave, dancin' on her grave

(Woo-ooh, woo woo-ooh...)

We're ghosts, and I'm dancin' on her grave
