

# Giant

ZZ Ward

Feeling like a giant, walking over walls  
I could crush mountain, hundred feet tall  
If I was any higher, I'd be in the stars  
For once, I'm the one, for once, I'm a giant

Smoking clouds like cigarettes  
Lifted, lighter, space cadet  
Oh, my, my, so monstrous  
For once, I'm a giant

Swing away, I'm never gonna drop  
Shout and shake, I'm only under God  
Can't get lower up here on the top  
Fee-fi-fo, oh, baby  
I'm way, way up (Whoa, whoa, whoa)  
Way, way up (Whoa)  
Way, way up (Whoa, whoa, whoa)  
For once, I'm the one, for once

I'm feeling so colossal thirty stories up  
I could blow the roof off, maybe flip a truck  
Jumping over oceans never got a rush  
For once, I'm the one, for once, I'm a giant

Holding highways in my hands  
Come on, call me confident  
Oh, my, my, so monstrous  
For once, I'm a giant

Swing away, I'm never gonna drop  
Shout and shake, I'm only under God  
Can't get lower up here on the top  
Fee-fi-fo, oh, baby  
I'm way, way up (Whoa, whoa, whoa)  
Way, way up (Whoa)  
Way, way up (Whoa, whoa, whoa)  
For once, I'm the one, for once I'm a giant

Pink paper dolls and neon lights  
I sit and watch from way up high  
Just like a bird who's learned to fly  
My lifted life  
They pull my laces on my boots  
No ball and chain, no rigid roots  
Can't lose this feeling that I've found  
Ain't nobody gonna bring me down

Swing away, I'm never gonna drop  
Shout and shake, I'm only under God  
Can't get lower up here on the top  
Fee-fi-fo, oh, baby  
I'm way, way up (Whoa, whoa, whoa)  
Way, way up (Whoa)  
Way, way up (Whoa, whoa, whoa)  
For once, I'm the one, for once I'm a giant
